06-07 April 1968

LTC Howard H. Danford (HHC/2-502 IN) was awarded the Silver Star Medal (1-OLC); Lieutenant Colonel Danford distinguished himself by gallantry in action in the Republic of Vietnam on 6 and 7 April 1968, while serving as Battalion commander for the 2nd Battalion (Airborne) 502nd Infantry. During a search and destroy mission Company A became heavily engaged with an estimated two companies of North Vietnamese Army Soldiers lodged in well-concealed bunkers with interlocking fields of fire. Three casualties were taken in Company A in the initial contact. The company commander recoiled from the contact in order to set up a perimeter to get out his wounded and to prep the area with artillery prior to continuing the attack. The perimeter quickly became under intense sniper fire from the surrounding trees. This fire included automatic weapons and occasional RPG rockets. Casualties continued to mount up until approximately ten men were wounded. A Medevac helicopter, on its final approach to the area, received automatic weapons fire and was shot down just outside the perimeter. A recovery force reached it and brought back the three wounded crew members. Company A now had thirteen wounded to care for. The company commander called Lieutenant Colonel Danford to inform him of the situation. Realizing the seriousness of the situation, he alerted Company B to be prepared to move to assist A Company. Word came in to the TAC-CP that A Company was continuing to take casualties and Lieutenant Colonel Danford then ordered Company B to move to A Company's assistance. He personally took charge of the relief force and moved with them on the ground. His presence had an electrifying effect on the troopers on B Company. They increased their alertness and aggressiveness because they realized, because of his presence, how important their mission was. They moved out late in the afternoon, and traveled well into the night. At approximately 1200 hours the following day, contact was made with an estimated squad of NVA Soldiers in bunkers. Lieutenant Colonel Danford was everywhere in the resulting fire fight, shouting encouragement and advice to all his men. He exposed himself to the intense hail of enemy fire with complete disregard for his own personal safety. B Company assaulted and result was two NVA killed and capturing two individual weapons. He then reorganized the relief force and continued on to the beleaguered A Company. At approximately 1500 hours the relief force succeeded in breaking through the NVA forces to relieve A Company. The A Company commander was wounded and Lieutenant Colonel Danford assumed command of the element and immediately initiated sweeps to clear the area, supervised the preparation of an LZ and personally supervised the evacuation of all the wounded. Lieutenant Colonel Danford's presence in the midst of the fire swept battle area calmed the troops and reassured them. He appeared to be everywhere giving encouragement and advice. Lieutenant Colonel Danford's outstanding display of gallantry in action and his devotion to duty are in keeping with the highest traditions of the military service and reflects great credit upon himself, his unit, and the United States Army.

1LT Donald A. Bailey (C/1-502 IN) was awarded the Army Commendation Medal with Valor for heroism in the Republic of Vietnam on 6 April 1970. Lieutenant Bailey distinguished himself while serving as commanding officer of Company C, 1st Battalion (Airmobile), 502nd Infantry, at Fire Support Base Arsenal, Republic of Vietnam. When the fire base came under an enemy sapper attack, Lieutenant

Bailey immediately moved to the area of contact. He engaged the insurgents with hand grenades and led a reaction force against the enemy. Despite hostile grenade fire and satchel charges, he directed the fire of his men and repulsed the enemy attack. His actions contributed immeasurably to the successful defense of the fire base. Lieutenant Bailey's personal bravery and devotion to duty were in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit, and the United States Army. SSG Kenneth E. Buesing (C/1-501 IN) was awarded the Bronze Star Medal with Valor for heroism in ground operations against a hostile force in the Republic of Vietnam on 7 April 1969. Sergeant Buesing distinguished himself while serving as a squad leader in Company C, 1st Battalion (Airmobile), 501st Infantry, during an ambush near Ap Phu Bai II in Thua Thien Province, Republic of Vietnam. An element of Company C came in contact with a squad size element of Viet Cong rice carriers. Quickly gaining fire superiority, the element of Company C drove the insurgents from the area. Sergeant Buesing volunteered to accompany his platoon leader in pursuit of the fleeing insurgents. With utter disregard for his own safety, he subjected himself to the insurgents as he went forward into the darkness. While traveling along a trail near the ambush site, the platoon leader spotted a fleeing hostile soldier. Sergeant Buesing flanked the insurgent and killed him. Sergeant Buesing's personal bravery and devotion to duty were in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit, and the United States Army. CPT Nathan N. Miller (A/2-501 IN) was awarded the Silver Star Medal for gallantry in action in the Republic of Vietnam on 6 April 1968. Captain Miller distinguished himself while serving as Company Commander of Company A, 2nd Battalion, 501st Infantry. Company A was engaged in a combat operation just south of the Demilitarized Zone near Quang Tri city, Republic of Vietnam. Several North Vietnamese Army units had been detected massing just to the west of Company A moved to the area as a blocking force. Early in the afternoon, the first platoon, which was on a patrol, came into heavy contact with the enemy. After a prolonged engagement, the platoon leader was wounded and unable to give direction to his platoon. With the situation reaching a serious stage, Captain Miller, who was furnishing security for a fire base with the rest of the company, organized the company to move and started giving instructions to the platoon sergeant of the besieged platoon. While hurriedly moving with the company, Captain Miller continuously directed the first platoon as it attempted to hold out until the rest of the company arrived. Captain Miller's understanding of a situation that he could not see, and his directions, were instrumental in preventing the annihilation of the first platoon. After reaching the battle area, Captain Miller effectively took charge of the situation and was able to pull the first platoon back to safety. In doing this, it was necessary that he expose himself to the enemy fire in order to direct fire on the enemy. In the process, he received a shrapnel wound from an enemy rocket, but determinedly refused to be evacuated until all the wounded had been treated. Despite formidable odds, Captain Miller prevented the destruction of one of his units with incredible insight and courage. Captain Miller's exceptional valor was in keeping with the highest traditions of the military service and

reflects great credit upon himself, his unit and the United States Army. (DA, HQ, 101st Air Cavalry Division; General Order Number 5188, 29 August 1968)

SP4 James S. Schmidt (A/2-501 IN) was awarded the Silver Star Medal for gallantry in action in the Republic of Vietnam on 8 April 1969. Specialist Schmidt distinguished himself while serving as a medical aidman in the First Platoon of Company A, 2nd Battalion, 501st Infantry. Company A was on a search and clear operation in the mountains southeast of Hue, Republic of Vietnam, when the First Platoon came under intense enemy fire. The platoon immediately began to react and moved to a covered position. From his secure position, Specialist Schmidt saw a comrade hit by the heavy fire. Completely disregarding his own safety, he quickly moved through the enemy fire to try and aid the wounded man. The enemy fire was immediately concentrated on him as he worked his way toward the man, but he continued. Having to move the last twenty meters by crawling, he reached the man and was able to give first aid and move him from his unprotected location. Specialist Schmidt's personal bravery and devotion to duty were in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit, and the United States Army.

CPL Herman A. Clay Jr. (B/2-501 IN) (Posthumously) was awarded the Silver Star Medal for gallantry in action in the Republic of Vietnam on 9 April 1970. Private Clay distinguished himself while serving as a rifleman in Company B, 2nd Battalion (Airmobile), 501st Infantry, in Thua Thien Province, Republic of Vietnam. While set up with his squad in a defensive position on a hill top, Private Clay detected movement to his front and immediately alerted the rest of his squad. Upon investigation he cited a North Vietnamese Army Soldier in the brush preparing to fire at his comrades. Private Clay jumped up into the enemy Soldier's line of fire, engaged him with rifle fire, and sacrificed his own life to save the lives of several of his fellow Soldiers. His actions were an inspiration to his comrades. Private Clay's personal bravery and devotion to duty were in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit, and the United States Army.

SP4 John Marks (B/2-501 IN) was awarded the Silver Star Medal for gallantry in action in the Republic of Vietnam on 9 April 1970. Specialist Marks distinguished himself while serving as a medical aid man in Company B, 2nd Battalion (Airmobile), 501st Infantry, during combat action in Thua Thien Province, Republic of Vietnam. When the lead element of his unit was overrun by an enemy force, Specialist Marks immediately volunteered to join a reaction force. After maneuvering to the point of contact, Specialist Marks braved the intense small arms fire to aid the wounded. Moving through the enemy barrage, he administered emergency treatment to severely wounded soldiers and directed his comrades in treating the others. Upon the arrival of medical evacuation helicopters, Specialist Marks moved outside the defensive perimeter to assist in the extraction of wounded personnel. His actions were instrumental in saving many lives. Specialist Marks' personal bravery and devotion to duty were in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit, and the United States Army.

SP4 Lenard D. Blachly (B/2-501 IN) was awarded the Bronze Star Medal with Valor (1-OLC) for heroism in ground combat against a hostile force in the Republic of Vietnam on 09 April 1970. SP4 Blachly distinguished himself while serving as a rifleman in Company B, 2nd Battalion (Airmobile), 501st Infantry, in Thua Thien Province, Republic of Vietnam. Despite severe wounds, he protected five wounded with heavy suppressive fire on an enemy force of unknown size, permitting them to be evacuated. 1SG Frederick C. Brander (A/2-501 IN) was awarded the Silver Star Medal (1-OLC) for gallantry in action in the Republic of Vietnam on 10 April 1968. First Sergeant Brander distinguished himself while engaged in military operations against an armed, hostile force in the Republic of Vietnam on 10 April 1968, while serving with Company A, 2nd

Battalion (Airborne), 501st Infantry. Company A was on a series of search and clear operation just south of the Demilitarized Zone and succeeded in trapping a North Vietnamese unit in the village of Phuc Dien, Republic of Vietnam. In order to prevent the enemy from escaping, the company set up a cordon around the village and stood by as artillery fire and air strikes raked the area. The task of ferreting out the entrenched enemy fell to the first platoon as it began a sweep of the enemy infested village. After advancing a distance of not more than one hundred meters, the lead squad of the platoon was hit by a heavy volume of automatic weapons fire from a number of enemy positions. With the forward movement stalled, First Sergeant Brander raced forward from his position with the company command group. After seeing that the enemy fire was coming from a small dike directly in front of the platoon, he moved around to the left flank so that he could come up on the side of the enemy. Completely disregarding his own safety and defying the enemy fire that was being aimed solely at him, First Sergeant Brander crawled behind the same dike with the three snipers. Completely surprising the three enemy Soldiers, First Sergeant Brander immediately opened fire killing them. With platoon free to advance, First Sergeant Brander jumped up and moved with the platoon as it continued toward its objective. First Sergeant Brander's exceptional valor is in keeping with the highest traditions of the military service and reflects great credit upon himself, his unit, and the United States Army.

CPT Cleo C. Hogan Jr. (D1/501 IN) was awarded the Silver Star Medal (1-OLC) for gallantry in action in the Republic of Vietnam on 10 April 1968. As part of a combat operation near Quang Tri City, Republic of Vietnam, Captain Hogan led his men in a combat assault on a suspected enemy position. Upon descending into the landing zone, the company began receiving hostile mortar fire. Captain Hogan quickly dispersed his men to lessen the effect of the mortars and then deployed his troops against the enemy force. He halted the advance one hundred and fifty meters from the wood line that contained the enemy positions, and requested gas dispensers to harass the enemy while his company made the attack. As the dispensers were delivered to the company location, the enemy opened fire with small arms and automatic weapons. Captain Hogan, completely disregarding the intensity of the fire, moved forward to position the gas dispensers and then led the attack against the fortified positions. The second platoon leader's radio-telephone operator was killed in the heavy fire, causing a lapse in communications. To maintain control of the attack, Captain Hogan started to move forward toward the second platoon's location; as he did so, the enemy directed a large volume of small arms and rocket fire at him as he raced and crawled across the open rice paddy. While crawling, he spotted two of the enemy firing from a nearby house. Captain Hogan crawled to within thirty-five meters of the location and fired a light anti-tank weapon. One enemy was killed and the other was forced out of the house, where Captain Hogan shot him with his M-16 rifle. Crawling farther, Captain Hogan spotted other enemy in bunker and trench lines and decided to move his company back and call in artillery. After the barrage, an attack was launched to recover the body of the radio-operator, but the hail of enemy fire forced Captain Hogan to again withdraw his company. Two additional companies were airlifted to the location and the area was cordoned for the night. The next day, Captain Hogan led his company in an assault on

the village, killing sixty of the enemy and capturing eleven. Captain Hogan's personal bravery and devotion to duty were in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit, and the United States Army.

PSG James A. Parr (A/2-501 IN) was awarded the Silver Star Medal for gallantry in action in the Republic of Vietnam on 10 April 1968. Platoon Sergeant Parr distinguished himself while serving with Company A, 2nd Battalion, 501st Infantry. Company A was on a search and clear operation south of the demilitarized zone and succeeded in trapping a North Vietnamese unit in the village of Phuc Dien, Republic of Vietnam. In order to prevent the enemy from escaping, the company set up a cordon around the village and stood by as artillery fire and air strikes were called in on the area. The task of ferreting out the entrenched enemy fell to the First Platoon as it began a sweep of the enemy held village. After advancing a distance of not more than 100 meters, the lead element of the platoon was hit by automatic weapons fire from a number of sniper positions. The battle was such that it was almost impossible for the men to continue forward. Knowing that, to stop at that point would be disastrous; Sergeant Parr left his own safe position and moved forward to rally his men. With complete disregard for his own safety, Sergeant Parr exposed himself to the intense enemy fire and led his men on an assault to the edge of the village. His valiant actions greatly aided the platoon in accomplishing its mission. Platoon Sergeant Parr's personal bravery and devotion to duty were in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit, and the United States Army.

10-11 April 1968

SP4 Harry P. Longbottom Jr. (D/2-501 IN) was awarded the Silver Star Medal for gallantry in action in the Republic of Vietnam on 10 April 1968 through 11 April 1968. Specialist Longbottom distinguished himself while serving as a point man with Company D, 2nd Battalion (Airborne), 501st Infantry. Company D was conducting a combat operation in the vicinity of Thon Phuoc Dien, Republic of Vietnam, when Specialist Longbottom's platoon became pinned down by a barrage of enemy grenade, automatic weapons, and machine gun fire. Disregarding his own safety, Specialist Longbottom advanced in the face of a blistering hail of fire, and by using his M-16 rifle and grenade, single-handedly killed three North Vietnamese Soldiers. His courage in the face of grave danger was an inspiration for the other members of his platoon and made it possible for them to reorganize and press the attack further. He therefore played a great part in helping his company to accomplish its mission. Throughout the night and the following morning, the North Vietnamese attempted to break through the friendly forces and again Specialist Longbottom displayed his skills by killing two more enemy Soldiers with a burst of fire from his M-16 rifle. As his platoon advanced the next day, Specialist Longbottom killed one North Vietnamese Soldier within an instant of sighting him and captured another. Specialist Longbottom's devotion to duty and extraordinary heroism over the two day period is in keeping with the highest traditions of the military service and reflects great credit upon himself, his unit, and the United States Army. (General Order No. Unknown; 27 October 1968)

10 April 1969

SP4 John J. Colna (C/2-501 IN) was awarded the Bronze Star Medal with Valor for heroism in ground combat against a hostile force in the Republic of Vietnam on 10 April 1969. Specialist Colna distinguished himself while serving as a medical aidman in the Third Platoon of Company C, 2nd Battalion, 501st Infantry, on a combat operation in the A Chau Valley, Republic of Vietnam. The Third Platoon had just reached the crest of a hill when it came under heavy automatic weapons, small arms, and rocket propelled grenade fire from an estimated platoon of North Vietnamese Army Soldiers. In the first moments of contact, many men of the lead elements were wounded and required immediate first aid. With the element still receiving heavy volume of enemy fire, and with utter disregard for his own safety, Specialist Colna ran from his rear position to his

wounded comrades. Completely ignoring the heavy volume of enemy fire he was attracting, he continued to administer emergency first aid to the fallen men. He moved from man to man encouraging them and giving aid, and he remained in his position until the enemy resistance was overcome and he could personally assist in the evacuation of the Soldiers. Specialist Colna's personal bravery and devotion to duty were in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit, and the United States Army. (HQ, 101st ABN DIV; General Order Number 8552, 10 July 1969)

10 April 1969

1LT Valentine J. Zapert (E/1-501 IN) was awarded the Bronze Star Medal with Valor for heroism in ground combat against a hostile force in the Republic of Vietnam on 10 April 1969. Lieutenant Zapert distinguished himself while serving as a platoon leader in Company E, 1st Battalion, 501st Infantry during the conduct of a search and clear mission approximately twelve kilometers southwest of the village

of Phu Loc, Thua Thien Province, Republic of Vietnam. On the cited date, the Reconnaissance Platoon of Company E observed a platoon size enemy force moving in its direction. Setting up a hasty ambush, Lieutenant Zapert deployed his men in a strategic fighting position. In the ensuing battle, with complete disregard for his own safety, he openly moved through the intense fire to his men as he pointed out targets. His actions were most instrumental in routing the enemy force and contributed immeasurably to the death of two enemy Soldiers and the capture of another. Lieutenant Zapert's personal bravery and devotion to duty were in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit, and the United States Army.

11 April 1967

SP4 Kenneth James (B/2-502 IN) was awarded the Silver Star Medal (Posthumously). Specialist Four James' element, while moving along a jungle trail which had dense vegetation on both sides, suddenly began receiving a tremendous volume of automatic weapons fire from two platoons of well entrenched enemy soldiers. Specialist James immediately returned fire and deployed his fire team, but the enemy fire was so suppressive that his men could not maneuver against the entrenched enemy. Having had two men wounded by an enemy machine gun and realizing the danger his comrades were in, Specialist James, with complete disregard for his own personal safety, unhesitatingly rushed forward, exposing himself immediately to the intense hostile fire, and charged the entrenched machine gun position which had his unit pinned down. As specialist James was conducting his courageous assault on the machine gun position, he was mortally wounded. Specialist James' daring charge gave his men the needed inspiration and courage to sweep forward. In doing so they succeeded in routing the enemy soldiers, causing them to leave their packs and one machine gun behind, Specialist James' heroic action and avid devotion to duty are in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit, and the United States Army.

11 April 1967

SSG Ray Archuletta (B/2-502 IN) was awarded the Silver Star Medal for gallantry in action while on a search and destroy mission the point element of the First Platoon, B Company, 2d Battalion (Airborne), 502nd Infantry, suddenly became engaged in a fire fight with an estimated enemy squad reinforced with a light machine gun. As the intensity of the enemy fire increased, Staff Sergeant Archuletta quickly determined the precarious situation of the point element. With complete disregard for his own personal safety, Sergeant Archuletta jumped to his feet and charged through the withering enemy automatic weapons fire to within approximately twenty feet of the enemy machine gun position and threw a hand grenade into the emplacement, knocking it out. Sergeant Archuletta continued to advance on the enemy position and captured the enemy

automatic weapon that had been abandoned by the wounded enemy soldier. Sergeant Archuletta quickly returned to his squad and continued to expose himself to the withering enemy fire while deploying his squad and personally directing their fire. Sergeant Archuletta on several occasions moved through the tremendous volume of enemy fire and personally pulled some of his wounded comrades to covered positions. His actions saved the lives of several of his wounded comrades and enabled the platoon to successfully assault and overrun the determined enemy force. Sergeant Archuletta's outstanding display of gallantry in action and his devotion to duty are within the highest military tradition and reflect great credit upon himself, his unit, and the United States Army. (HQ, I Field Force Vietnam; General Order Number 611; 1 August 1967)

11 April 1968

1SG Frederick C. Brander (A/2-501 IN) was awarded the Bronze Star Medal with Valor (1-OLC) for heroism in ground combat against a hostile force in the Republic of Vietnam on 11 April 1968. First Sergeant Brander distinguished himself while serving with Company A, 2nd Battalion (Airmobile), 501st Infantry. Company A was involved in a combat

operation around Phuc Dien, Republic of Vietnam and was able to trap the enemy force in the village and place a cordon around it. The trapped enemy Soldiers were trying desperately to break out of the snare and maintain close contact with the friendly troops so that airstrikes and artillery fire could not be called in. First Sergeant Brander, with utter disregard for his own personal safety, raced back and forth along the edge of the line, encouraging his men and giving directions for preventing the enemy's escape. Because of the lack of a secondary force, it was necessary that every man know how to react instantly. As numerous men were wounded, First Sergeant Brander again exposed himself to the intense automatic weapons fire to treat the men and pull them back from the area of contact. When it became obvious to him that some of the men would have to be evacuated, he prepared a medical evacuation landing zone and personally carried a number of the more seriously wounded to the medical evacuation helicopter. First Sergeant Brander's exceptional valor is in keeping with the highest traditions of the military service and reflects great credit upon himself, his unit, and the United States Army. (HQ, 101st; General Order Number 9432)

11 April 2008

SSG Christopher Hoerschelman, (C/1-64 AR) Earned the Bronze Star Medal with Valor. SSG Hoerschelman and his B section were conducting a mounted patrol in Hayy Ur, Iraq in order to disrupt enemy freedom of maneuver throughout the sector. SSG Hoerschelman's section was conducting over watch of checkpoint operations on Route Gold 150 meters West of Route Grizzlies. The sections primary task was to over watch the traffic circle facing East into Sadr City as Coalition Forces were conducting route clearance operations from South to North on Route Grizzlies while simultaneously conducting a Corps level barrier emplacement on Route Gold in the southern portion of Sadr City. While traveling North on Route Grizzlies, the Route Clearance Team was struck by an IED. SSG Hoerschelman's vehicle immediately moved East to the Company's limit of advance on Route Gold to provide over watch and security for the element in contact. While maneuvering his Bradley onto Route Grizzlies to provide security, his vehicle received small arms fire from the East buildings and from the South side of Route Grizzlies. During the engagement, SSG Hoerschelman quickly identified and destroyed two enemy insurgents. After the enemy was neutralized, the Route

Clearance Team was able to self recover their vehicle. Moments later, a separate Route Clearance Team along with a barrier emplacement team began operations from East to West on Route Gold in Sadr City. The Route Clearance Team was struck by over five EFPs, engaged by multiple RPG teams and SAF before reaching their objective. As SSG Hoerschelman began to maneuver his vehicle to provide over watch and suppressive fires to the East, he was engaged by two RPGs and SAF from the traffic circle at the Route Gold/Route Grizzlies intersection. His gunner identified the enemy but due to SSG Hoerschelman's innate sense of situational awareness, did not engage due to restricted fire lines and the fact that he knew there were Friendly Forces directly to the East. SSG Hoerschelman then maneuvered his vehicle to allow his gunner the ability to engage and destroy the enemy without any chance of fratricide. SSG Hoerschelman proved his ability to multi-task while engaged on the battlefield by coordinating with the AWT and positioning the section of Bradley's to establish fire superiority over the enemy while leading his vehicle in destroying the enemy RPG teams that had pinned down the barrier emplacement team. During the contact, his wingman's 25mm cannon failed and the vehicle had to retrograde to cover and correct the failure. SSG Hoerschelman held his position with no flank support in an immensely hostile and forward position to provide covering fires to the East for the unit in contact. While fighting without a wingman, the vehicle was left in a vulnerable position with little support. Nevertheless, SSG Hoerschelman continued to engage and destroy the enemy to the East and North. Utilizing his vast knowledge of adjacent unit coordination, he walked the AWT onto hidden enemy positions across Route Grizzlies. As a result of his actions, over 15 insurgents were KIA and the checkpoint was maintained in IA and CF control.

12 April 1968

SGT Thomas G. Pitts (C/1-501 IN) was awarded the Silver Star Medal for gallantry in action in the Republic of Vietnam on 12 April 1968. Sergeant Pitts distinguished himself while serving as a squad leader with Company C, 1st Battalion (Airborne), 501st Infantry, during an ambush patrol near the village of Ap Duc Trong, Thua Thien Province, Republic of Vietnam. The ambush patrol, consisting of two squads, had just set up its ambush site when both the company night defensive position and the ambush patrol came under an intense barrage of hostile automatic weapons, rocket propelled grenade, and hand grenade fire. The initial bursts of fire delivered upon the ambush site critically wounded the platoon leader and seriously wounded Sergeant Pitts. Refusing medical treatment for himself, Sergeant Pitts immediately assumed command of the ambush element and skillfully organized the defense of the completely encircled position. With utter disregard to his personal safety and the pain he suffered, he courageously exposed himself to the devastating enemy fire as he moved from man to man pointing out targets and lending encouragement to his beleaguered troopers. Withdrawal was impossible without abandoning the many wounded and the dead. When the hostile force had terminated its attack on the patrol all but three men had been wounded. At such time that a relief element could be dispatched it was Sergeant Pitts who directed the element to the patrol's position. Not until the relief element leader had reached his location did Sergeant Pitts relinquish his command and allow himself to receive treatment. Sergeant Pitt's extraordinarily heroic actions and indomitable courage were in keeping with the highest traditions of the military Service and reflect great credit upon himself, his unit, and the United States Army.
